## Practice Supervisor Bitesize Learning 1 – Creating a Positive Learning Environment

Learning outcome - Identify and evaluate factors that promote a positive learning environment

Start by accessing this audible presentation Meet your student

Please note some of the links in this worksheet will not work if you are accessing them using internet explorer, if this happens please paste the address into google chrome or an alternative browser

How do you think Ailsa will be feeling about starting her placement, what would make her feel welcome in your area and who do you think should meet and greet her?

<u>Click here</u> to hear practitioners discussing what would make a student feel welcome

https://vimeo.com/523803180/aed443f552

<u>Click here</u> to see students from our HEI partners share what makes them feel welcome

https://vimeo.com/598957311

Take some time to revisit your initial thoughts about making Ailsa feel welcome and how Ailsa may be feeling, are there any additional points you want to add?

Practice Supervisor Role – What will you do to welcome a student in your area? Note some actions below:

What do you feel would contribute to a positive learning environment? Make some notes below:
